The picture clip is fun to watch and visualizing the walk will make the following directions even easier.

Don't forget sunblock, a hat and your camera! Enjoy! The map is on the 2nd page.

Directions Walk 14 by Beautiful Plakias (<https://beautifulplakias.com>)

After the optional visit to the museum in Asomatos you start walking east towards the spectacular Kourtaliotis Gorge - inside the gorge you walk on the right side till you are in front of a small arch - go through the arch and walk down the steps – don't take the right turn to another path on the way down – you will end up at the Saint Nikolaos Church – walk passed the church till the end and on your walk back to the church have a look at the waterfalls – walk back up the steps and take the path to your left you passed on the way up – follow this path and at the fork go down on the left path – you walk towards a dam – take a right turn just before the dam and walk till the road stops – jump down here and walk to the river – cross the river and start walking alongside the river – there is a path but sometimes you have to improvise a bit – when the river has a split and you see a house on the right side of the river cross the river and take the path out of the river turning left (see this spot in the picture clip) – at the following t-section you go left – you pass a little church on your left hand – keep walking straight ahead – the wide path turns into a small path – at the next t-section go right – walk passed the and around the old building that follows and turn right – you end up on the main road – go left here and walk alongside the road – you see the Preveli Bridge on your left –

*For a visit to the ruins of the beautiful Preveli Monastery walk a little further up on the road and you will see the entrance gate*

- wave at the bus for it to make a stop at the bridge or keep walking further to Preveli Beach, Lagoon and Palm Forest using walk 8
